Connect
Blackboard
to HP Workpath

Save time by accessing software solutions directly from your MFP.

Marketplace Conditions

- Educational applications are moving to the cloud.

- Multifunction devices are becoming more intelligent and extensible.

- Additional endpoints to cloud connectivity are simplifying workflows and increases productivity.

Target Customers, Markets, & Opportunities

- Users of Blackboard Learn, such as administrators, instructors, and students.

- K-12 and higher education institutions.

Key Product Features

- Easy access to Blackboard Learn directly from HP MFPs.

- Scan, upload, and print course materials or assignments to and from content and information folders directly within the printer panel.

"The Cost Per Device Seems High…"

- The app only needs to be installed on devices using Blackboard Learn.

- Time is money, and the time saved more than covers the cost of the app.

In Time Tec offers HP Workpath to streamline document workflows by connecting multifunction printers with key business apps, boosting efficiency and productivity.

Without HP Workpath...

The alternative is the multi-step process outlined below:

1. Scan to email files.

2. Move attachments to the appropriate folder.

3. Login to Blackboard Learn account.

4. Upload files to Blackboard Learn account.

Customer & Segment Specific Propositions

- Easy access and improved collaboration for your Blackboard Learn users by allowing them to execute key tasks directly from your MFP devices.

- Scan to and print from your Blackboard Learn account with ease - no computer or mobile device required.

- Organize and compile course materials in simple steps at the MFP instead of time-consuming tasks back at your desk.

- Take full advantage of the capabilities of your HP MFP.
