Connect
Canvas
to HP Workpath

Save time by accessing software solutions directly from your MFP.

Marketplace Conditions

- Educational applications are moving to the cloud.

- Multifunction devices are becoming more intelligent and extensible.

- Additional endpoints to cloud connectivity are simplifying workflows and increases productivity.

Target Customers, Markets, & Opportunities

- Users of Canvas, such as administrators, teachers, managers, and students.

- K-12 and higher education institutions.

Key Product Features

- Easy access to Canvas directly from HP MFPs.

- Scan, upload, and print course materials or assignments directly within the printer panel.

"The Cost Per Device Seems High..."

- The app only needs to be installed on devices using Canvas.

- Time is money, and the time saved more than covers the cost of the app.

Without HP Workpath...

The alternative is the multi-step process outlined below:

1. Scan to email files.

2. Move attachments to the appropriate folder.

3. Login to Canvas account.

4. Upload files to Canvas account.

Customer & Segment Specific Propositions

- Easy access and improved collaboration for your Canvas users by allowing them to execute key tasks directly from your MFP devices.

- Scan to and print from your Canvas account with ease - no computer or mobile device required.

- Organize and compile course materials in simple steps at the MFP instead of time-consuming tasks back at your desk.

- Take full advantage of the capabilities of your HP MFP.

Benefits

Security & Accuracy

- **All transactions with scanned documents take place within Canvas.**

- **Removes the need to store files on a laptop, desktop, or email inboxes.**

- **Removes several steps and the potential for human error during those steps.**

Cut Your Time by 70%

- **Scan documents into Canvas in a fraction of the time required by traditional MFP workflows.**

- **No need to run course or assignment workflows through your inbox.**

- **Save 70% of the time previously required to upload 2-3 page documents into Blackboard Learn and reduce 90% of manual efforts.**
