Connect
Blackboard
to HP Workpath

Save time by accessing software solutions directly from your MFP.
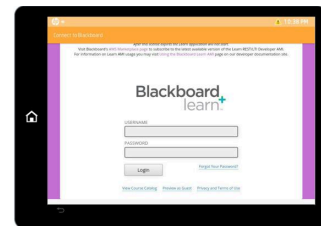

Description

Connect to Blackboard is a dedicated application for educators, administrators, and students to enhance their HP MFP Blackboard use. Users can securely scan important documents directly into Blackboard Learn and print using any Workpath-enabled HP MFP.
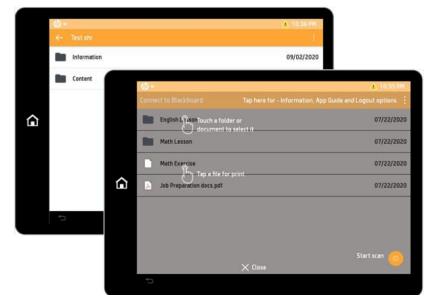

Key Product Features

Multi-user Role Login

Administrators, instructors, or students can login using their Blackboard Learn credentials. After logging in, they can scan or print any file attachment from an HP Workpath-enabled MFP.

Print from Content Folder

Students or instructors can print any file from the content listing, subfolder, or document itself.

Scan in Content Folder

Instructors can save scanned files in a content folder, subfolder, or in content items.

In Time Tec offers HP Workpath to streamline document workflows by connecting multifunction printers with key business apps, boosting efficiency and productivity.
